

BACK TO THE GAMES

NEWSLETTER #2

The B2Gs is a project funded by the Erasmus+ program, it aims to contribute to the physical and mental health of pupils and students by returning to popular childhood games and sports. For this reason, it will apply a holistic approach combining sports, games, and DIY green activities as an aspect of the school curriculum to engage young people in sports activities.

We are pleased to bring you the latest updates from the Back to the Games project. In early November, our dedicated partners came together in Spain for the second transnational meeting, where significant progress was made in refining the project's goals and activities. During this productive gathering, the team finalized the development of the educational modules and the comprehensive toolkit. These valuable resources are now available on our online platform, offering young people like you innovative and engaging ways to learn, collaborate, and develop important skills through play. We invite you to explore everything the platform has to offer and stay connected for more exciting updates ahead.
